Post COVID-19 Athletic Clearance

The California Interscholastic Federation (CIF) strongly recommends that student-athletes who test positive for COVID-19, not return to sports activities until cleared. This form is to be completed by a licensed healthcare provider (M.D., D.O., P.A., Nurse Practitioner). For further clarification please visit:

https://www.cifstate.org/covid-19/Resources/CIF_Eval_for_CV-19_RTP.pdf

Name of Student-Athlete:	DOB:
Participating Sport(s):	
If symptomatic, date symptoms resolved:	
COVID Case:	
☐ Asymptomatic (no symptoms) or mild symptom	s (fever, myalgia, chills, and lethargy < 4 days)
☐ Moderate symptoms (fever, myalgia, chills or le	thargy lasting >=4 days or hospitalized but not in ICU)
☐ Severe symptoms (hospitalized in ICU and/or M	IIS-C)
Some students, particularly those with moderate to s	evere illness, may require a graduated return-to-play
(RTP) protocol once the student has been cleared by	a LHCP (cardiologist for moderate to severe COVID-19
symptoms).	
As the examining LHCP, I attest that the above-named s	student-athlete is now reporting to be completely free of all
signs and symptoms of COVID-19, at least 10 days from	n positive test, and afebrile for 24 hours and is either cleared
for resumption of activity or recommended for cardiolog	gy referral.
☐ Cleared for return to athletics.	
☐ Cleared for return to athletics after completion o	f a graduated return to play due to the severity of symptoms
and/or hospitalization associated with the studen	t's positive COVID-19 diagnosis.
☐ Not Cleared: Cardiology consultation before clear	arance.
